

# Spark Homework Templates

Bring completed templates to the next class or  
pick up event.

If you need more copies of a specific template,  
you can always print more at home.

You may also use the back of the templates to  
complete reflection exercises. For drawings,  
turn page to landscape view if you want.

Have fun on your adventure and thank  
you for keeping the faith on fire in  
your home!
